

AMENDMENT NO. 3 TO MASTER DATA SERVICES AGREEMENT

Effective Date of Amendment: June 1, 2025

RECITALS

WHEREAS, Nexacore Inc. ("Nexacore") and VendorJ Partners LLC ("VendorJ") entered into that certain Master Data Services Agreement dated October 1, 2021, bearing Agreement No. NXC-QDP-2021-0019 (the "Original Agreement");

WHEREAS, the parties previously executed Amendment No. 1 dated March 15, 2022, which expanded the scope of Licensed Data and revised the initial fee schedule; and Amendment No. 2 dated January 1, 2024, which updated delivery specifications and added provisions for real-time API access;

WHEREAS, the parties now desire to further amend the Original Agreement to incorporate a revised consumer data schema (Exhibit A), an updated fee schedule (Exhibit B), a revised delivery schedule (Exhibit C), and authorized representative designations (Exhibit D), effective as of June 1, 2025;

NOW, THEREFORE, in consideration of the mutual covenants herein and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties agree as follows:

Section 1. BACKGROUND AND PURPOSE

The parties have operated under the Original Agreement and prior amendments for approximately three and one-half years. During this period, VendorJ has substantially expanded its consumer data universe, enhanced its identity resolution methodology, and upgraded its technical infrastructure to support higher-volume, higher-frequency delivery of consumer data assets. The parties have determined that the existing data schema, fee structure, and delivery specifications no longer accurately reflect the scope and quality of services being delivered, and that an amendment is necessary to align contractual terms with current operational reality.

This Amendment No. 3 makes the following principal modifications: (i) updates the consumer data schema to reflect VendorJ's version 3.0 record format, including the addition of hashed identifier fields and a revised segment coding taxonomy; (ii) revises the fee schedule to reflect per-record pricing, updated overage rates, and a new annual minimum commitment through December 31, 2027; (iii) updates the delivery schedule to reflect current file formats, delivery frequencies, and SLA commitments; and (iv) designates

authorized representatives for contract administration and technical escalation purposes.

The parties acknowledge that the modifications set forth herein are intended to be prospective in nature and shall not affect any rights, obligations, or liabilities that accrued under the Original Agreement or prior amendments prior to the Effective Date of this Amendment. All outstanding invoices, disputes, and pending Deliverables under the prior agreement framework shall be resolved pursuant to the terms in effect at the time such obligations arose.

Section 2. AMENDED DEFINITIONS

The following definitions in Section 1 of the Original Agreement are hereby amended and restated in their entirety:

2.1 "Consumer Record". means a single row of data in the Consumer Identity File representing a unique consumer identity as resolved by VendorJ's version 3.0 identity resolution algorithm, including all associated data fields specified in Exhibit A to this Amendment. The definition of Consumer Record is amended to clarify that records resolved to the same consumer_id_v3 identifier across multiple source files shall be counted as a single Consumer Record for billing purposes.

2.2 "Delivery SLA". means the maximum elapsed time between the close of a data period and the confirmed availability of the corresponding data file in Licensee's designated cloud storage location, as specified in the Delivery Schedule attached as Exhibit C. The Delivery SLA supersedes all prior delivery time commitments in the Original Agreement and prior amendments.

2.3 "Annual Minimum Commitment". means the minimum annual dollar amount that Nexacore commits to pay VendorJ for Data File Delivery services during each contract year, as set forth in the Revised Fee Schedule attached as Exhibit B. If actual fees incurred in a contract year are less than the Annual Minimum Commitment, Nexacore shall pay the difference as a shortfall fee within thirty (30) days following year-end reconciliation.

2.4 "Segment Code". means the eight-character alphanumeric code assigned to each Consumer Record reflecting VendorJ's version 3.0 consumer segmentation taxonomy, as described in the Segment Code Reference Guide provided to Nexacore upon execution of this Amendment. The Segment Code replaces the prior four-character

segment_code field in all data deliveries effective with the first full-file delivery following the Effective Date of this Amendment.

Section 3. SCOPE MODIFICATIONS

The scope of services under the Original Agreement, as modified by prior amendments, is hereby further modified as follows, effective June 1, 2025:

3.1 Schema Update. VendorJ shall update all data deliveries to conform to the version 3.0 schema specified in Exhibit A. VendorJ shall provide a sixty (60) day parallel delivery period during which both the legacy schema and the version 3.0 schema are delivered simultaneously to facilitate Nexacore's integration testing and cutover.

3.2 Hashed Identifier Fields. Effective with the first delivery following the Effective Date, VendorJ shall include SHA-256 hashed email and mobile phone fields as specified in Exhibit A. These fields are provided on a best-efforts basis; records for which VendorJ does not hold a verified email or mobile phone will have null values in the corresponding hash fields.

3.3 Daily Incremental File. VendorJ shall commence daily incremental update file delivery within thirty (30) days of the Effective Date. The incremental file shall contain all records added, modified, or suppressed since the prior daily delivery, formatted as NDJSON as specified in Exhibit C.

3.4 Discontinued Services. The following services provided under Amendment No. 2 are hereby discontinued effective May 31, 2025, and no further fees shall accrue with respect thereto: (a) legacy XML delivery format; (b) weekly summary email reports; and (c) the real-time web portal access previously provided at no charge.

EXHIBIT A — REVISED DATA SCHEMA SPECIFICATION

The following table specifies the complete version 3.0 data schema for all data deliveries under this Agreement, effective June 1, 2025. Fields designated "MODIFIED" reflect changes from the prior schema. Fields designated "NEW" are additions. Fields designated "UNCHANGED" retain their prior specifications.

Field Name	Data Type	Max Length	Description	Change Type
consumer_id_v3	UUID	36	Primary consumer identifier v3.0	MODIFIED
full_name_normalized	VARCHAR	150	Standardized full name field	MODIFIED
email_address_hashed	CHAR	64	SHA-256 hash of email address	NEW
mobile_phone_hash	CHAR	64	SHA-256 hash of mobile phone number	NEW
address_line1	VARCHAR	200	Primary street address	UNCHANGED

city	VARCHAR	100	City name	UNCHANGED
state_code	CHAR	2	USPS two-letter state abbreviation	UNCHANGED
zip_code	CHAR	10	ZIP+4 format (NNNNN-NNNN)	UNCHANGED
segment_code	CHAR	8	Consumer segment code v3.0 tax	MODIFIED
last_verified_date	DATE	—	Date of last NCOA/CASS verification	NEW

EXHIBIT B — REVISED FEE SCHEDULE

The following fee schedule replaces all prior fee schedules in the Original Agreement and amendments, effective June 1, 2025. All fees are in United States dollars. Per-record fees are calculated based on the count of Consumer Records delivered in each calendar month as confirmed in the monthly delivery reconciliation report.

Service Component	Unit	Rate	Notes
Data File Delivery — Base	Per record delivered	\$0.0013	First 100M records/month
Data File Delivery — Overage	Per record delivered	\$0.0010	Records above 100M/month
Identity Resolution API	Per API call	\$0.0008	Real-time; 99.9% uptime SLA
Batch Match Service	Per record processed	\$0.0005	Turnaround <= 48 hours
Annual Minimum Commitment	Per contract year	\$550,000	Through December 31, 2027
Implementation / Onboarding	One-time	\$45,000	Due within 30 days of execution

PAYMENT TERMS: Vendor] shall invoice Nexacore monthly in arrears for all usage-based fees. The Annual Minimum Commitment shall be invoiced in equal quarterly installments of \$137,500 due on the first business day of each calendar quarter. The Implementation / Onboarding fee shall be invoiced upon execution of this Amendment and due within thirty (30) days of invoice. All invoices are payable Net 30 days from receipt.

YEAR-END RECONCILIATION: Within thirty (30) days following each December 31, Vendor] shall prepare an annual reconciliation statement comparing actual fees incurred against the Annual Minimum Commitment. If actual fees are less than the Annual Minimum Commitment, Nexacore shall pay the shortfall with the first quarterly installment of the following year. If actual fees exceed the Annual Minimum Commitment, no adjustment is required.

Section 5. EXHIBIT B — ADDITIONAL FEE TERMS

5.1 Disputed Invoices. Nexacore shall notify Vendor] in writing of any disputed invoice within fifteen (15) days of receipt. Disputes shall be resolved within thirty (30) days of notice.

5.2 Taxes. All fees are exclusive of applicable taxes. Nexacore shall be responsible for all sales, use, and similar taxes on amounts paid under this Agreement.

5.3 Fee Adjustment. Beginning January 1, 2027, per-record fees may be adjusted annually by mutual written agreement not to exceed five percent (5%) in any calendar year.

EXHIBIT C — UPDATED DELIVERY SCHEDULE

The following delivery schedule replaces all prior delivery specifications in the Original Agreement and amendments, effective June 1, 2025. All times are Eastern Time.

Dataset	File Format	Frequency	SLA	Notify Contact
Consumer Identity File	Parquet	Monthly	3rd business day	dataops@nexacore.com
Incremental Update File	JSON / NDJSON	Daily	6:00 AM ET	dataops@nexacore.com
Household Linkage File	CSV	Bi-weekly	Monday 8:00 AM ET	analytics@nexacore.com
Segment Refresh File	CSV	Weekly	Friday midnight ET	analytics@nexacore.com
Quality Assurance Report	PDF	Monthly	5th business day	contracts@nexacore.com

SLA REMEDIES: If Vendorj fails to deliver any file by the applicable SLA deadline, Nexacore shall be entitled to a service credit equal to five percent (5%) of the monthly Data File Delivery fees for each occurrence. Credits shall be applied to the following month's invoice. Cumulative credits in any month shall not exceed twenty-five percent (25%) of that month's invoice. Credits are Nexacore's sole remedy for SLA failures unless such failures constitute a material breach of this Agreement.

Section 7. REPRESENTATIONS AND WARRANTIES

7.1 Mutual Representations. Each party represents and warrants that: (a) it is duly organized and in good standing under the laws of its jurisdiction of formation; (b) it has full power and authority to execute and perform this Amendment; (c) this Amendment constitutes the legal, valid, and binding obligation of such party; and (d) execution of this Amendment does not conflict with any other agreement or obligation to which such party is a party.

7.2 Vendorj Data Warranties. Vendorj represents and warrants that: (a) all data delivered under this Amendment shall conform to the specifications in Exhibit A; (b) Vendorj has the right to license and deliver such data; (c) the data does not infringe any third-party intellectual property right; and (d) Vendorj's data collection practices comply with CCPA, CAN-SPAM, and all other applicable privacy laws.

7.3 Disclaimer. EXCEPT AS EXPRESSLY SET FORTH IN THIS AMENDMENT, ALL DATA AND SERVICES ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED.

Section 8. CONDITIONS PRECEDENT

The parties' obligations with respect to the version 3.0 schema deliveries and the associated modified fees shall not take effect until the following conditions precedent have been satisfied, which the parties agree to use commercially reasonable efforts to satisfy within sixty (60) days of the Effective Date:

8.1 VendorJ shall provide Nexacore with a version 3.0 schema test data set containing no fewer than ten million (10,000,000) representative records, spanning all change types identified in Exhibit A (MODIFIED, NEW, and UNCHANGED fields).

8.2 Nexacore's data engineering team shall complete integration testing of the version 3.0 schema and provide written confirmation of successful ingestion, validation, and downstream processing of all test data within thirty (30) days of receipt.

8.3 The parties shall conduct a joint technical review meeting to validate schema conformance, discuss any identified issues, and agree on any necessary schema adjustments prior to production deployment.

8.4 VendorJ shall provide written certification that its production data pipeline has been updated to generate version 3.0 formatted output and that all quality assurance testing has been completed with a pass rate of not less than ninety-nine percent (99%) for each field specified in Exhibit A.

Section 9. TRANSITION PROVISIONS

To facilitate a smooth transition to the version 3.0 schema and updated delivery specifications, the parties agree to the following transition provisions:

9.1 PARALLEL DELIVERY PERIOD: For a period of sixty (60) days following the satisfaction of all Conditions Precedent set forth in Section 8, VendorJ shall deliver both the legacy schema format and the version 3.0 schema format for each scheduled delivery. During this period, Nexacore shall be billed at the legacy fee schedule. Upon Nexacore's written confirmation of successful integration, the version 3.0 schema shall become the sole delivery format and the revised fee schedule in Exhibit B shall take effect.

9.2 LEGACY SCHEMA SUNSET: At the conclusion of the parallel delivery period, VendorJ shall discontinue generation of the legacy schema format. Nexacore acknowledges that it bears sole responsibility for ensuring its downstream systems are updated to process the version 3.0 schema prior to the legacy schema sunset date.

9.3 TRANSITION SUPPORT: VendorJ shall make available up to forty (40) hours of technical support from its data engineering team during the parallel delivery and integration testing period at no additional charge. Additional support hours, if required, shall be available at VendorJ's standard rate of \$195 per hour.

Section 10. TERMINATION RIGHTS FOR SCHEMA FAILURE

In recognition of the material nature of the data schema to Nexacore's downstream operations, the parties agree to the following termination rights specific to schema quality failures:

10.1 SCHEMA ERROR THRESHOLD: A "Schema Error" means any record in a delivered file that fails to conform to the specifications in Exhibit A for any field designated as MODIFIED or NEW, including null values in non-nullable fields, values exceeding maximum lengths, or values not conforming to specified data types or enumerated values.

10.2 TERMINATION TRIGGER: If the Schema Error rate, calculated as the percentage of records in a monthly Consumer Identity File delivery containing one or more Schema Errors, exceeds two percent (2%) for three (3) consecutive monthly deliveries, either party may terminate this Agreement upon thirty (30) days written notice, without payment of any termination penalty or wind-down fee.

10.3 ERROR RATE MEASUREMENT: Schema Error rates shall be calculated by Vendorj and reported in the Quality Assurance Report delivered pursuant to Exhibit C. Nexacore shall have the right to audit Vendorj's error rate calculations upon reasonable written notice.

Section 11. GENERAL PROVISIONS

11.1 Effect of Amendment. Except as expressly modified by this Amendment, all terms and conditions of the Original Agreement and prior amendments remain in full force and effect. In the event of any conflict between this Amendment and the Original Agreement or any prior amendment, this Amendment shall control.

11.2 Integration. This Amendment, together with the Original Agreement and Amendments No. 1 and No. 2, constitutes the entire agreement between the parties with respect to the subject matter of the Original Agreement and supersedes all prior negotiations and representations with respect thereto.

11.3 Counterparts. This Amendment may be executed in counterparts, each of which shall be deemed an original, and all of which shall together constitute one and the same instrument. Electronic and digital signatures shall be deemed valid and binding.

11.4 Governing Law. This Amendment shall be governed by the laws of the State of Maryland, consistent with the governing law provision of the Original Agreement.
